GIVING THANKS!

For many the holidays can represent a season of transition. A time for meaningful endings and significant beginnings. It is most important to reflect and appreciate the moments you have with those you hold dear.

Appreciating the love others have demonstrated through actions and kindness can be reciprocated. Having had such a precious gift can now be payed forward to others this holiday season.

Family Project

We are in a time where it is better to give than to receive while so many families are affected by the economy this year. As a family, let's celebrate by participating in helping the less fortunate. Sometimes the greatest gift is to see the joy you bring to others. please take pictures for the memories and possibly send them to Ms. Tiara to upload on the Glorious Light Facebook page with or without your faces covered with a lovely heart and **#Gloriousfamilyproject with it** 😊.
